Community Manager's Notes on Financial Statement:

In July 2014, the Association was **approximately 17% over** budget. YTD **3.2% under** budget. Electric, water, and sewer ran high this month due to seasonal expenses (pool, irrigation, etc...)

There is \$4,775.42 in the operating bank account (like a checking account) as of 7/31/14.

Community Management, Inc.

AR is running at \$5768.69 (slightly down from last month - \$5893.78). The HOA's collection attorneys are working hard to collect from delinquent owners. At a point the account is deemed uncollectable, the attorney will advise the Board and the amount would then be written off to uncollectable fees.

Replacement Reserves - \$64,912.07 in the account. This is to be used for replacement of common area components using the Reserve Study as a guide.

Operating Contingency - \$53,241.78 in the account. Funds are available for seasonally high or unexpected operating costs and/or projects deemed necessary by the Board.

Question regarding accruals on Reserve Income & Expense report:

The Projects listed on the report come directly from the Reserve Study of the HOA. These are projections and may or may not be done depending on board decision. For simplicity the amounts were entered as a total amount and do not accrue monthly under the "current" column. If a project is done it will show the amount paid on "current" side for the month and show totals on YTD side.

Keep in mind that this can be changed if the board has a preference at the next budget year.
